What's unusual about these two houses?

Unusual Houses

Some people have very unusual houses.

Cave house
Granada, Spain

Houseboat
Amsterdam, Netherlands

Cave Houses

There are many cave homes in southern Spain. However, the homes are made by people and are not natural formations. These houses date back to the eighth century. The area near Granada is very hot in summer and cold in winter. But the temperature in the cave homes is about 19 to 20 degrees Celsius all year round. The houses have electricity and running water, and they are dry and comfortable. Some cave houses are very large and have ten rooms or more. The houses are usually very quiet, too.

Houseboats

There are over 10,000 houseboats in the Netherlands. Many are on Amsterdam's canals. These are old barges that are now homes. Lots of artists and young people like to live on the houseboats. Also, Amsterdam is very crowded, and there are not enough houses for everyone, especially in the city center. So houseboats offer people the chance to live right in the city. Houseboats in Amsterdam have one thing in common: they all look different.

2. Do they have modern facilities?

I live in a small town about one hour from New York City by train. My neighborhood is nice and quiet, and we have everything we need right here. My school is only a couple of blocks from my house, and there's an enormous shopping mall near here. My friends and I hang out there often.

I have a parrot. His name is Gabby. Do you have a pet? I play football on the local team. The name of the team is Square United. What's your favorite sport?
